

## Points Award Contest (PAC Race)

The Points Award Contest is an Indian Tree Regular Men’s Club contest conducted throughout the regularly scheduled tournament season. The objective of the contest is to increase member participation in each tournament and reward member participation, thus hopefully enhancing the quality and success of each event. As a member of the Men’s Club you are automatically a participant and entered in the PAC race.

The twenty-four players and ties with the most points accumulated at the end of the regular tournament season will be eligible to participate in the PAC race final event. Those chosen participants will play in an individual net handicap stroke play event. This event will be played to award the final point allotment to determine final PAC Race standings. After completion of play, if there is a tie in PAC points to determine a Champion, a sudden death playoff will be used to determine that years Champion. The playoff will start on Hole 1 with 100% handicap being used.

The following actions will be taken if any of the top twenty-four players are unable to play in the final PAC race event. No replacements of spots will be awarded. If you don’t achieve a top twenty-four or tie status, you will not be eligible for the final event.

At the end of the tournament year, the PAC point race Champion will be determined by the total amount of points that will be accumulated through participation in Men’s Club events and the final PAC Race Individual Tournament.
